## SCHEDULE 1D - METHODOLOGY FOR CALCULATING ADDITIONAL TRADE WASTE CHARGE

The following methodology will be used to apply the fees and charges set out in Schedule 1C. This methodology is based on principles outline in the Introduction to the Bylaw.

1. The Council will prepare a schedule of non-domestic consumers from their rating database.
2. Using best available information and local knowledge, the Council will assess the business function or activity and estimate the relevant local capacity of usage criteria of each non-domestic consumer on the schedule.
3. From load factors for the generic business functions or activities, an average daily flow will be estimated. In special cases, organic load may be considered, if relevant to that activity or if it may have an implication to the sewerage system.
4. From the estimate of daily flows (or organic load in special cases), the ratio of flow estimated from the activity (or organic load) to that expected from a domestic dwelling and as identified will be calculated.
5. As the assessment is not necessarily highly accurate, the calculated ratio will be averaged into one of the following groups and the appropriate charge concluded.

Ratio	Group	Charge
1 - <2	A	1 Domestic Charge
2 - <5	B	1 Domestic Charge plus 3 additional Trade Waste Charges
5 - <10	C	1 Domestic Charge plus 7 additional Trade Waste Charges
10 - <20	D	1 Domestic Charge plus 15 additional Trade Waste Charges
20 - 30	E	1 Domestic Charge plus 25 additional Trade Waste Charges
>30	F	1 Domestic Charge plus ratio x additional Trade Waste Charges
>70	G	Formal Trade Waste Consent Application required

6. The assessment will be forwarded to the applicant as a Provisional Trade Waste Consent, with procedures defined in Section 3.2 of the Bylaw.
7. For application assessed or known to have a maximum flow greater than 50m<sup>3</sup>/day, a formal Trade Waste Consent Application shall be required to be submitted by the consumer.

For further information regarding the Trade Waste Bylaw contact the Operations Department.

## ENVIRONMENTAL SERVICES - RESOURCE MANAGEMENT

### 1. BASIS OF CHARGES

The Buller District Council has adopted a user pays policy for all resource consent applications and functions that the Council carries out under the Resource Management Act 1991. The purpose of the charges is to recover the actual and reasonable costs incurred by the Council.

In setting these charges, the Council has had regard to the criteria set down in Section 36 of the Resource Management Act (RMA).

### 2. TIMING OF PAYMENTS

Most of the charges and amounts specified in this schedule (unless otherwise specified) are payable in advance of any action being undertaken by the Council. Pursuant to Section 36(7) of the RMA the Council need not perform the action to which the charge relates until the charge has been paid in full.

### 3. DEPOSITS

Deposits are initial charges payable at the time an application is submitted to Council for processing. Notwithstanding that a deposit may be paid, the Council will commence processing the application only when it is satisfied that the information received with the application is adequate.

Statutory timeframes will be suspended until the Council is satisfied that all necessary information has been received.

Since resource consent applications can vary significantly in their content and nature, the Council cannot set a fixed charge that would be fair and reasonable in every case. The deposit shown in the schedule is the minimum deposit for that particular application category. A deposit higher than the minimum could be required and this would be dependent on the nature and scale of each specific application.

### 4. FINAL COSTS

When the processing of an application has been completed and a decision has been made, Council will then finalise the cost of processing the application.

#### (a) Refund of Charges

Pursuant to Section 36(5) of the RMA, the Council, at its discretion may remit the whole or any part of the charges listed in this schedule where the deposit paid is greater than the costs incurred by Council in processing the application. Any refunds due will be paid after Council has assessed the final cost of processing the application.

#### (b) Additional Charges

Any additional charge may be required under Section 36(3) of the RMA where the deposit is inadequate to cover costs, so enable Council to recover its actual and reasonable costs relating to any particular application.

(c) Discount on Charges

Refund of Charges under the RMA amendment Act 2009 - pursuant to Section 36AA the Council will give discounts on administration charges to applicants whose resource consents who have exceeded the prescribed timeframes where the responsibilities for the failure rests solely with Council. The refund will be in accordance with the recommendation of the Minister for the Environment.

**Policy**

As a basis for additional cost under Section 36(3) of the RMA 1991, Council will assess such costs on the following basis:

- (a) Staff costs will be charged out at their hourly charge out rates as determined by the Department Manager from time to time.
- (b) Vehicle mileage rates will be charged at \$1.00 per kilometre plus GST for external charging.
- (c) Site visits involving more than an hour total travelling time will be charged at a flat rate of one hour of staff time in addition to charges under (b) above.
- (d) Advertising, materials and laboratory costs will be charged at cost.
- (e) Costs for Hearing Commissioners and their disbursements will be recovered at actual rates.
