

# Greenwaste Guidelines

The following is a guideline for Greenwaste disposal at the Westport and Reefton Transfer Stations.

Buller Greenwaste is utilised at the Westport Water Treatment plant, so only items that can be shredded and used in this process can be classed as Greenwaste.

Mixed loads will not be accepted as Greenwaste, they will be charged accordingly. We reserve the right to examine all loads brought into the Transfer Station.

<b>Greenwaste Materials</b>	Grass cuttings, Grass or weed roots with minimal soil attached, Saw Dust (non-treated), leaves, bark chip.  Grass Clippings go in a separate area to Tree Pruning's.  Charged as <b>Green waste</b>
<b>Tree Pruning</b>	Tree pruning's excluding fruit, tree stumps less than 100mm) and non-fibrous plants.  Charged as <b>Green waste</b>
<b>Cleanfill materials</b>	Dirt, clay, soil, stones, bricks, concrete, rocks, yard sweepings  Charged as <b>Cleanfill</b> where available
<b>Compostable Materials</b>	Yard sweepings, noxious weeds and grass with lots of soil attached to roots, fruit & vegetables.  Charged as <b>Refuse</b>
<b>Non-compostable materials</b>	Flax, Palm Fronds, Cabbage Tree, Pampas, Toetoe (cutty grass), Yucca, Fibrous plants.  Charged as <b>Refuse</b>
<b>Tree stumps - over 100 mm diameter</b>	Logs, Stumps and any timber cut-offs  Charged as <b>Refuse</b>
