1. That full and fair rentals should be assessed for all Council properties based on valuation reports or a periodic determination by the relevant Council Committee.
2. Any deviation from the fixed rental must be covered by a grant.
3. That the Communities Committee is the appropriate authority to decide on grants and donations.

USE OF COUNCIL CHAMBERS

That the Smoking Policy for Public Buildings under Council control be as follows:

That smoking shall be totally banned from any:

- theatre; or
- kitchen; or
- auditorium controlled by Council

Smoking shall be banned from all other public buildings or halls under Council's control, except for such areas set aside as designated smoking areas.

In the case of temporary functions organised in public halls, under Council's control, the organiser may designate a separate area, and display temporary signs accordingly. Ash trays designed to minimise smoke nuisance (ie self sealing ash trays or deep ash trays containing water) shall be used and the area well cleaned after the function.

Such area so temporally designated for smoking shall be separated from non smoking seating areas, and the room shall be so ventilated as to limit nuisance to non smokers.
