RESOURCE CONSENT APPLICATION FOR ENCROACHMENT OF BOUNDARY DISTANCE/RECESSION PLANE

Please try to fill in all sections. The small writing in brackets may help you to answer the questions. If you are unable to fill in all sections or you're not sure of the answer, we have a Duty Planner on most days that can help you. Give us a call, or make an appointment at the Westport office.

Site photos are always helpful. If you are taking photos remember to take one along the boundary that will be affected by the encroachment and of the site from the street. If you cannot print the photos, email them to planning@bdc.govt.nz with reference to the site that the application is for.

A diagram (Site Plan) of the site is essential. It doesn't have to be complicated, but you do have to indicate how close the building will be to the boundaries and for what distance the structure will encroach into the setback.

Checklist

- Have you completed all sections of the application form?
- Have you enclosed the deposit of \$500.00?
Please note that this is a deposit only and Council operates on a full cost recovery system. Therefore if the cost of processing the consent is more than the deposit, you will be charged the additional amount. Upon payment of any additional amount, you will receive the consent.
- Have you included a site plan?
(The site plan must show the location of every existing and proposed building on site in relation to the legal and actual site boundaries. What roads the property fronts on to and any existing or new accesses. The length of walls and building heights.)
- Have you attached any affected parties forms that have been completed?
(Affected persons consent forms should be completed by neighbours on any boundary where the distance will be reduced, or by neighbours who may be affected by a breach of the recession plane angle)
 - Have you included a copy of the Certificate of Title, or
 - Do you wish Council to search a copy for you (at a cost of \$40 per Title)?
 - Have you included photos of the site, or
 - Plan to email them to Council?
- Have you signed the application?

If you have **not included all the information required** for Council to assess your application, it will either be **sent back** to you or be lodged (which means Council keeps the application but does **not start to process the application**).
