Freedom Camping In Buller

Updated 15/08/16

The Buller District Council recognise that some visitors choose overnight camping as their preferred accommodation and that this activity has associated economic and social benefits for the District. Council welcomes responsible freedom campers.

The Buller District Council Freedom Camping Control Bylaw 2012 came into force on 30 August 2012.

The purpose of this bylaw is to:

- define the local authority areas in the District where freedom camping is **restricted** and the restrictions that apply to freedom camping in those areas and to define the local authority areas in the District where freedom camping is **prohibited** to ensure that:

- a) the areas are protected;
- b) the health and safety of people who may visit the areas is protected;
- c) access to the areas is protected.

Under the Bylaw freedom camping is allowed in Council controlled public areas for self contained vehicles certified against NZS5465:2001, for up to three consecutive nights at the one site or in the same area, provided you do not camp in a 'no freedom camping zone'.
