Valu	uation Roll Number:
	(from rates or valuation notice) e:
	DETAILS OF PROPOSAL
	is a land use consent for the installation of a new power/telephone line. \Box No \Box
new	ase provide a description of your proposal: (for example, The application is for consent to install three aboveground electricity poles and two 11kV lines along Coates Street. The new poles will be located within road rve. No vegetation clearance is proposed. The new poles will be setback at least three metres from the road.
	at is the purpose of your proposal? (Please provide a brief description as to why these works are osed)
	you require any other resource consents? (eg: discharge consent, subdivision consent)? If so, lisents below, and date applied for.
Ene	rgy or telecommunications supply will be provided by:
	Ruller Flectricity Westnower Telecom etc)

ASSESSMENT OF EFFECTS ON THE ENVIRONMENT

16.	Are any significant landscape or natural features in the view of the new pole(s) or line? Yes \Box No \Box
17.	Are the new pole(s)/lines visible from any residences, community facilities, cultural sites, historic sites? Yes \square No \square
	If yes, show the location and distance of the house(s), facilities and sites from the poles/line on your site diagram.
18.	Will the new power/telephone lines effect any historic sites or sites with important cultural values? Yes \square No \square
	If yes, list how these sites will be effected
19.	Does installing the pole(s) involve any native vegetation clearance? Yes \square No \square If yes, how much vegetation will be cleared?
20.	Is this adjacent to any significant indigenous vegetation or significant habitats of indigenous fauna? Yes \square No \square
21.	Do you wish to be contacted prior to a member of the Planning Department undertaking a sivisit? Yes No

ASSESSMENT OF THE ACTIVITY AGAINST PART 2 OF THE RMA ASSESSMENT OF THE ACTIVITY IN REGARD TO ANY RELEVANT OBJECTIVES, POLICIES, OR RULES IN A DOCUMENT

You can either fill in your assessment in the spaces below, or use the Assessment Document which can be downloaded at http://bullerdc.govt.nz/application-forms-and-information-sheets/assessmentdocument/ and attach it to your application.

In reaching a decision on an application, the Council has to be satisfied that by granting the application, Part 2 of the RMA will be achieved. For further information on Part 2 of the Resource Management Act. http://www.legislation.govt.nz/act/public/1991/0069/latest/DLM230265.html

Please provide an assessment of your proposal against Part 2:

Pleas (a) (b) (c)	se provide an assessment of your proposal against: any relevant objectives, policies, or rules in a document; and any relevant requirements, conditions, or permissions in any rules in a document; and any other relevant requirements in a document (for example, in a national environmenta standard or other regulations).
http:	Il copy of the District Plan's Objectives and Policies can be obtained from Council's website //bullerdc.govt.nz/district-council/publications/district-plan/part-4-significant-resource-agement-issues-objectives-and-policies/

	CIVI 16:	
<u>CHE</u> 1.	CKLIS	<u>l</u> must include a clear site plan, drawn to scale, showing the following:
1.		The location of every existing and proposed building on site in relation to the legal and actual site boundary.
		Any existing power/telephone lines and pylons.
		The location and height of any new lines and poles.
		Location of any new generators, etc.
		Location and distances of new power/telephone pole(s) or lines to roads and any existing accesses.
2.	Pleas	se also provide the following:
		Have you attached an assessment of the activity against Part 2 of the Resource Management Act and any relevant Objectives and Policies of the Plan (in accordance with Schedule 4)? To assist with completing this assessment, a copy of Part 2 and the District Plan's Objectives and Policies can be downloaded from the Council's website – http://bullerdc.govt.nz/application-forms-and-information-sheets/assessmentdocument/
		A copy of the Record of Title for the property that the lines / poles are to be installed. (The RT must not be older than 3 months),
		A deposit of \$600.00. (Please note that this is a deposit only and Council operates on a full cost recovery system.
		Therefore if the cost of processing the consent is more than the deposit, you will be charged the additional amount.
		You must also include a signed affected persons consent form for any person whose land the line will cross. You may require consent from other persons who Council considers may be affected.
<u>Advi</u>	ce Not	e: Please attach separate sheet(s) if required.

	(to	be signed by or on behalf of applicant)

The personal information that you provide in this form will be held and protected by Buller District Council in accordance with our privacy policy (available at bullerdc.govt.nz/privacy and at council libraries and service centres) and with the Privacy Act 2020. Council's privacy policy explains how we may use and share your personal information in relation to any interaction you have with the council, and how you can access and correct that information. We recommend you familiarise yourself with this policy

Declaration to Accompany Application for Resource Consent

This Declaration MUST be completed, signed and submitted with your application

The National Environmental Standard for Assessing and Managing Contaminants in Soil to Protect Human Health (NES) applies to particular activities on a piece of land where an activity or industry described in the current

edition of the <i>Hazardous Activities and Industries List</i> (<i>HAIL</i>) is being undertaken, has been undertaken, or it is more likely than not that it is being or has been undertaken.						
The HAIL and other useful information about the NES, including a User's Guide on the NES, can be found on the Ministry for the Environment's website, http://www.mfe.govt.nz/land/nes-assessing-and-managing-contaminants-soil-protect-human-health/about-nes . A copy of the current HAIL is attached.						
To help determine whether or not the NES will apply to your activity please answer the following questions:						
Is an activity described on the <i>HAIL</i> currently being undertaken on the piece of land to which this application applies?	Yes 🗆	No 🗆				
Has an activity described on the <i>HAIL</i> ever been undertaken on the piece of land to which this application applies?	Yes 🗆	No 🗆				
Is it more likely than not that an activity described on the HAIL is being or has been undertaken on the piece of land to which this application applies?	Yes 🗆	No 🗆				
If 'Yes' to ANY of the above, then the NES may apply. Please answer the following questions:						
Is the activity you propose to undertake removing or replacing a fuel storage system of parts of it?	Yes 🗆	No 🗆				
Is the activity you propose to undertake sampling soil?	Yes 🗆	No 🗆				
Is the activity you propose to undertake disturbing soil?	Yes 🗆	No 🗆				
Is the activity you propose to undertake subdividing land?	Yes 🗆	No 🗆				
Is the activity you propose to undertake changing the use of the land?	Yes 🗆	№ □				
If 'Yes' to ANY of the above activities, then the NES is likely to apply.						
For further information about the <i>NES</i> and what is required please contact Council's Planning Department on (03) 788 9603 or planning@bdc.govt.nz .						
I hereby certify that to the best of my knowledge and belief, the information given in this form is true and correct.

Hazardous Activities and Industries List (HAIL)

October 2011

A Chemical manufacture, application and bulk storage

- Agrichemicals including commercial premises used by spray contractors for filling, storing or washing out tanks for agrichemical application
- 2. Chemical manufacture, formulation or bulk storage
- 3. Commercial analytical laboratory sites
- 4. Corrosives including formulation or bulk storage
- Dry-cleaning plants including dry-cleaning premises or the bulk storage of dry-cleaning solvents
- 6. Fertiliser manufacture or bulk storage
- 7. Gasworks including the manufacture of gas from coal or oil feedstocks
- 8. Livestock dip or spray race operations
- 9. Paint manufacture or formulation (excluding retail paint stores)
- Persistent pesticide bulk storage or use including sport turfs, market gardens, orchards, glass houses or spray sheds
- 11. Pest control including the premises of commercial pest control operators or any authorities that carry out pest control where bulk storage or preparation of pesticide occurs, including preparation of poisoned baits or filling or washing of tanks for pesticide application
- Pesticide manufacture (including animal poisons, insecticides, fungicides or herbicides) including the commercial manufacturing, blending, mixing or formulating of pesticides
- Petroleum or petrochemical industries including a petroleum depot, terminal, blending plant or refinery, or facilities for recovery, reprocessing or recycling petroleum-based materials, or bulk storage of petroleum or petrochemicals above or below ground
- Pharmaceutical manufacture including the commercial manufacture, blending, mixing or formulation of pharmaceuticals, including animal remedies or the manufacturing of illicit drugs with the potential for environmental discharges
- Printing including commercial printing using metal type, inks, dyes, or solvents (excluding photocopy shops)
- Skin or wool processing including a tannery or fellmongery, or any other commercial facility for hide curing, drying, scouring or finishing or storing wool or leather products
- 17. Storage tanks or drums for fuel, chemicals or liquid waste
- Wood treatment or preservation including the commercial use of anti-sapstain chemicals during milling, or bulk storage of treated timber outside

B Electrical and electronic works, power generation and transmission

 Batteries including the commercial assembling, disassembling, manufacturing or recycling of batteries (but excluding retail battery stores)

- Electrical transformers including the manufacturing, repairing or disposing of electrical transformers or other heavy electrical equipment
- Electronics including the commercial manufacturing, reconditioning or recycling of computers, televisions and other electronic devices
- 4. Power stations, substations or switchyards

Explosives and ordinances production, storage and use

- Explosive or ordinance production, maintenance, dismantling, disposal, bulk storage or re-packaging
- 2. Gun clubs or rifle ranges, including clay targets clubs that use lead munitions outdoors
- Training areas set aside exclusively or primarily for the detonation of explosive ammunition

Metal extraction, refining and reprocessing, storage and use

- Abrasive blasting including abrasive blast cleaning (excluding cleaning carried out in fully enclosed booths) or the disposal of abrasive blasting material
- Foundry operations including the commercial production of metal products by injecting or pouring molten metal into moulds
- Metal treatment or coating including polishing, anodising, galvanising, pickling, electroplating, or heat treatment or finishing using cyanide compounds
- Metalliferous ore processing including the chemical or physical extraction of metals, including smelting, refining, fusing or refining metals
- 5. Engineering workshops with metal fabrication

E Mineral extraction, refining and reprocessing, storage and use

- Asbestos products manufacture or disposal including sites with buildings containing asbestos products known to be in a deteriorated condition
- Asphalt or bitumen manufacture or bulk storage (excluding single-use sites used by a mobile asphalt plant)
- Cement or lime manufacture using a kiln including the storage of wastes from the manufacturing process
- 4. Commercial concrete manufacture or commercial cement storage
- Coal or coke yards
- 6. Hydrocarbon exploration or production including well sites or flare pits
- Mining industries (excluding gravel extraction) including exposure of faces or release of groundwater containing hazardous contaminants, or the storage of hazardous wastes including waste dumps or dam tailings

F Vehicle refuelling, service and repair

- 1. Airports including fuel storage, workshops, washdown areas, or fire practice areas
- 2. Brake lining manufacturers, repairers or recyclers
- Engine reconditioning workshops
- 4. Motor vehicle workshops
- 5. Port activities including dry docks or marine vessel maintenance facilities

- Railway yards including goods-handling yards, workshops, refuelling facilities or maintenance areas
- 7. Service stations including retail or commercial refuelling facilities
- Transport depots or yards including areas used for refuelling or the bulk storage of hazardous substances
- G Cemeteries and waste recycling, treatment and disposal
 - 1. Cemeteries
 - 2. Drum or tank reconditioning or recycling
 - 3. Landfill sites
 - 4. Scrap yards including automotive dismantling, wrecking or scrap metal yards
 - 5. Waste disposal to land (excluding where biosolids have been used as soil conditioners)
 - 6. Waste recycling or waste or wastewater treatment
- H Any land that has been subject to the migration of hazardous substances from adjacent land in sufficient quantity that it could be a risk to human health or the environment
- I Any other land that has been subject to the intentional or accidental release of a hazardous substance in sufficient quantity that it could be a risk to human health or the environment
