What is being proposed?

Council invites public feedback on a proposed development at the Reefton Motor Camp, on part of the Reefton Recreation Reserve located between Bridge Street and Ross Street, Reefton. A plan showing the site of the proposed development is available on the Council's website.

The Council proposes to install 6 new cabins on the site, comprising 4 double units and 2 single accessible units. Additionally, 10 car parks will be constructed on the site. The cabins may be prefabricated off-site and later transported to the site, where they will be connected to essential services such as power, drainage, and plumbing.

- The purpose of this proposal is to provide long-term or temporary accommodation for workers and/or Reefton visitors.
- The Council proposes to set aside the site for the purposes of the camping ground, and as a relocatable home park (as defined in the Camping-Grounds Regulations 1985).
- No financial burden is anticipated on Council or Ratepayers for this project.

**Submissions are accepted during the consultation period from
Monday 1 July 9:30am to Thursday 1 August 5.00pm 2024.
Late submissions will not be considered.**
