FOREWORD

The NZS 9201 series are model general bylaws covering various matters under local authority jurisdiction. Local authorities are empowered under the Local Government Act 1974 to make bylaws.

This Standard supersedes NZS 9201:Chapter 11:1972 *Nuisances*. The Committee felt that this model was redundant as its provisions are already covered by existing legislation. However it has been recognized that smoke from fires in the open air can cause a nuisance. Hence the revision has been given a new title 'Fires in the open air' to address this situation.

The bylaw also addresses the requirement of the Local Government Act 1974 for local authorities to have a bylaw to prevent the spread of fires involving vegetation.

The bylaw must be used in conjunction with the provisions of the Forest and Rural Fires Act 1977 where a Restricted or Prohibited Fire Season is declared. Separate declarations must be made under the Forest and Rural Fires Act 1977 for rural areas and under this bylaw for urban areas. For declarations for both rural and urban areas both the Forest and Rural Fires Act 1977 and this bylaw should be used.

New terms related to fires have been defined in this Part but for other definitions reference should be made to NZS 9201: Part 1 *Introductory*.

NEW ZEALAND STANDARD

MODEL GENERAL BYLAWS

Part 11

FIRES IN THE OPEN AIR

1100 SCOPE

1100.1

The purpose of this Part of the bylaw is:

- (a) To allow Council to exercise control over burning in the open air in urban areas of the District and prevent smoke from fires in the open causing a nuisance.
- (b) To meet the requirements of the Local Government Act 1974 section 649 for territorial authorities to have a bylaw to prevent the spread of fires involving vegetation.

1100.2

Council has a further avenue of control over smoke nuisance in the Nuisances provisions of the Health Act and persons responsible for causing a smoke nuisance may be prosecuted under the provisions of either the Health Act or the bylaw.

1100.3

Regional Councils have responsibility for discharges into air. Consents and approvals may be required from Regional Councils for discharges into air from fires in the open air.

1100.4

This bylaw is made pursuant to section 684 of the Local Government Act 1974 and section 20 of the Forest and Rural Fires Act 1977.

The cost of the work shall be a charge against the land.

1111.4

Should the owner or occupier fail to comply with the written request of the Council to remove the dangerous growth then the Council may arrange the removal of such growth and recover the cost of removal from the owner or occupier.

- (c) Where there is no danger of a stack adjacent to a boundary increasing the risk of the spread of fire.

1113 STORAGE OF HAY

1113.1

No occupier of any premises shall permit the storage or stacking in the open of more than 3 cubic metres of hay, or similar material unless the distance of the stack from any building, boundary, fence, private road, public place, or adjacent land is not less than 6 metres and the intervening space is at all times kept free from any rubbish or obstruction of any kind.
