Welcome Certified Self-Contained Campers

As a community, we consider ourselves fortunate to be kaitiaki / guardians of this unique forest, mountain and beach environment. We want you to enjoy our place as much as we do, so rather than leave no trace, please leave it better for the locals and visitors that will follow in your footsteps. Throughout the Northern West Coast, overnight parking areas are provided to assist in the preservation of our stunning coast and inland forest areas. Please use these sites and their facilities to protect the environment for those who live here, our visitors. and future generations to come.

You can do your part to help keep our place beautiful by:

- Keeping your stay to a maximum of two consecutive nights in Buller or three consecutive nights in Grey
- Keeping your stay to a maximum of 9 nights per calender month in Buller or 10 nights per calender month in Grey
- Ensuring all vehicles used for overnight camping are certified self-contained vehicles only (certification is in accordance with NZS 5465:2001 and its amendments)
- Not driving on our beaches. The sand is very soft and many vehicles have been stuck out there. Our beaches are also breeding grounds for many bird species
 Not using the surrounding bush as a toilet
- Disposing of any washing water in your vehicle's waste system
- Respecting those with whom you share a site. Please keep noise to a minimum, and your gear well contained
- Keeping access ways clear for other users
- Calling 111 in the event of a fire
- Taking all of your rubbish with you. Bins for disposal are available in Punakaiki, Westport, Hector, Karamea and Reefton. Please only place your rubbish in a bin and not beside it to prevent the local bird life from spreading it far and wide
- Using dump stations which are available on The Esplanade and at New World and Fresh Choice in Westport, The Strand in Reefton and at the Cobden Bridge in Greymouth

Failure to comply with these conditions may result in a \$200 fine

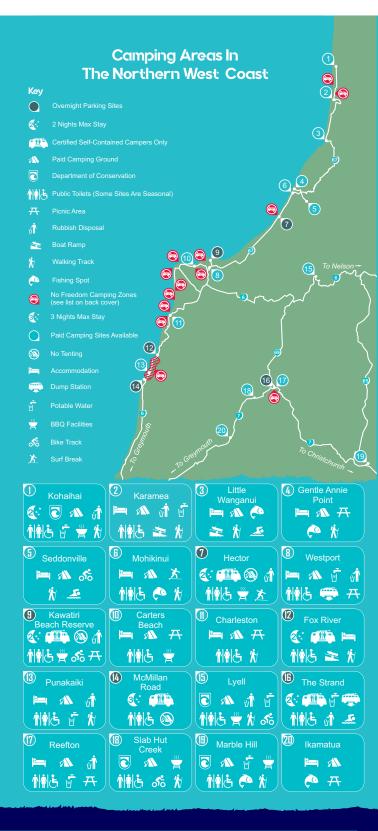

For more information about freedom camping and the no freedom camping zones in the Northern West Coast please head to:

www.bullerdc.govt.nz/freedom-camping-in-buller or www.greydc.govt.nz/our-district/freedom-camping
